

The Internal corner tile trim grey can be customized in different colors, has the advantages of no fading, no rust, etc., has a very beautiful decoration, and is widely used in the decoration of museums, theaters, airports, swimming pools and other engineering projects.

Three cans of Hero Metal products are shown. The central can is 'HERO METAL ALUMINUM TRIM' in a black can with a brown rope handle. To its left is a can of 'Professional Stainless Steel' with a blue and white design. To its right is a can of 'Real BRASS TRIM' with a white and black design. All cans feature the Hero Metal logo and various product images.
